

## **2015 Mercer Lake Sprints: Team Tent Reservations, Team Food Trailers & Drop-off for Tent Supplies**

- Team tent reservations and team food trailer parking reservations are done through RegattaCentral at the time of boat registration. Registration opens Saturday, February 28. You must pre-register for a team tent space.
- Each team tent comes with one food trailer parking pass. These can be used for ONE trailer and tow vehicle OR similar vehicle being used as a food trailer. All vehicles parked in the food trailer lot must have a parking pass and follow food truck parking rules.
  - Parking passes will be handed out at your food trucks arrival at the event
  - One tow vehicle and food trailer or registered food car/van may remain in the designated food trailer parking lot with appropriate pass. No other cars are allowed in the food trailer parking area.
  - Trailers can be parked in the food trailer parking area on Friday, April 17 from noon to 6:30pm.
- Tent and trailer spaces will be assigned based on time of registrations. Tent spots and maps will be available at the venue on Friday at noon.
- Parents will be able to drive a registered team food trailer to the food trailer parking area on Friday, April 17 from noon to 6:30pm.
- You will not be able to drive to your team tent. Event volunteers will help unload as possible but parents need to bring wagons and hand trucks. Depending on your tent space – this is a 150-500 meter distance.
- Aggressive and uncooperative parents and fans will not be permitted. Driving in restricted areas, parking unauthorized cars in improper lots and tampering with team tent spaces (including switching tent spaces) will result in the team's complete exclusion from the regatta without refund.
