ROWING

Students learn to row in a safe and fun way. No experience necessary. Our middle school program brings 6-8th graders together from around the Bay Area to learn how to row and develop a love for the sport.

S.T.E.M.

Explore elements of Science, Technology, Engineering, and Math. Athletes engage in activities to cultivate and deepen their understanding of STEM and how it impacts our world.

SWIM

Through swim lessons and water-safety we promote a healthy relationship to local waterways. Students have an opportunity learn swimming skills or strengthen the ones they have.
